lightness and delicacy of a fly rod is not

class have been made with steel tips. The metal is very highly tempered and will bend double without breaking, at the same time preserving a firm and even ten-

sion.

One of the most important attachments to the fiv rod is the ree!. Old style reels of the best make can be bought for \$5 or \$6, but they are new rap dly being displaced by the newly invented automatic reel, which is especially valuable when it is necessary to fish with a long line.

It recovers "slack" with a somishing ravidity, the winding-in being accom-

plished by simply touching a spring like

spitured.

It would never do in the world for the up to tear the book out and let the fish

true sportsman and angler to try to hook a bass with a trout red or vice versa, or list usefulness is especially appreciated when the angler has a particularly camy list on the end of his line, which requires time and patience to land. This reel on the market is soid at \$31.

In the way of fishing-lines there is a great variety of choice, but the least for both trout and bass fishing is a fair quality of enamelles silk water proof line at from

of enamelled silk water-proof line at from of chamerica six water-proof line at from \$\$4 to \$6 a huncred yards. The usual length of a line is twenty five yards, and four lines is enough to start out with.

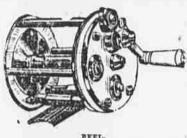

The best quality of bass-files can be bought in assorted lois for \$1 to \$2 a sozen, while trout files range in price rom 25 cents to \$3 a dozen for the largest sizes which are used for catching the big Manue lake trout.

Maine lake front.

There is a very large variety of flies used for trout fishing, and the following are the names of some that are kept in stock at the test stores:

Frotes-or, red hackle, Gen. Hooker. Conda, red dun, red grouse, abbey, brown hackle, spider, oak, magnie, alder, coachman, gray backle, cooper thistle, yellow may, red spinner, black hackle, stone, widgeon, shoemaker, last chance, grizzly king, brown ant, crange dun, brown hen, yellow dollie, hawthorne, ibis, white miller, grannon, black gnat, gray dun, silver-brown, Montreal, march brown, governor, wren tail, gray drake, gravel bed, turkey brown, cumamon, blue bottle, imbrie, gray dollie, fern, silver-black.

In addition to these special insect hooks are sold representing the bee, the grass-hopper, the ladybug and the housefly or any other insect that would be likely to tempt a particularly fastidious old brook trout. These are sold at 25 cent a piece. Besides these there are helgramites or debsons, frogs and phantom minnows, which are useful at times and are sold at 35 to 86 cents each, according to size. which are useful at times and are s.id at 35 to 80 cents each, according to size. The fully equipped fisherman would also need a few long gut leaders, say nine feet in length, one or two double gut minnow games, a landing net No. 2 to call book No. 1, trout lag No. 2 and a leather case for the rod, No. 8. Of course, a fisherman going out on a long excursion, whether it be for tront or bass, can take as many other things with

REEL. him as he may think he will need and can conveniently carry, but the outfit which is given at ove includes everything that is considered absolutely essential by an ex-

considered absolutely essential by an ex-perienced sportsman.

Possibly he may not need all the tackle that has been enumerated, but it is better to have a good an ply of everything on hand than to fall short in an emergency.

One of the new faugled schemes for the convenience of lake trolling when a per-son is alone and has no one to row the boat for lum, is the fishred-holder, which can be attached to either gunwhale of the boat. In this way two or three trolling ones may be kept out at the same time, and the handles and reels are in easy reach of the rower in case of a sudden

On this basis a very respectable outfit can be precured by a beginner for about \$200, which is not so very much after all when one considers with how little expense such an outfit can be kept up to the standard, and in the case of the most ex-pensive articles at least it would probably never be necessary to make a second pur-

usually accompanies bim when he drives out

"Oh." said she, "I thought you were going to say that when you looked in my see you expected to see your own Then a great light came into his eyes.

She got it just the same.

SPOTLETS. The how that stays constantly home is a good

Naturally it is a cold day when the iceman gets

The best diet for amateur wits is cold wittles. Edmund About who founded a Paris paper. was well equipped for the office. He was always about. (English pronounciation with this joke.)

The flies upon his sugar fed.
Bugs round the sriner, 1st and free;
The ice man sleers on downy bod,
And sinks: "There are no flies on me!" Sam Jones says he loves a pretty woman next to a fast horse. It is good, anyhow, that Sam didn't mix his crithets up. Save, save, oh, save me from the caudid friend.

A loving husband poured kerosene over his wife and lit her. This was making light of his better half.

A coffin trust! What a grave business. Lightning cured a men of deafness. What pity that deaf people can't hear the thunderbolts oas to run for them.

Raving Crazy. Witness-An' then. Mr. Sime, thar, lowed he was a rooster, an strapped on a tin bill, an' went to pickin' corn with the chickens, Probate Judge-Probably the extreme

heat made him a little flighty. He'll come out of it all right, I recken. Witness—Next day he wandsred out on the street, an' told every new-comer he met that this town wa'n't boomin', an'— beectators (in one voice)—Havin' crasy! All Run Down

## AS WE EMPLOY

only the best artists and most skilled workmen, considering quality of most importance, our furni-ture is greatly superior to the cheap common prodict of some factories, and yet, being satisfied with a manufacturing profit, our prices are much below the retail storekeepers' rates, who add 50 to 100 per cent, to corver the large cost of retailing the products of others.

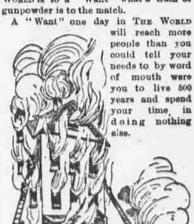

OUR GOODS NEITHER WARP NOR SPLIT WHEN SUBJECTED TO THE SEVERE TEST OF HOT-AIR FUR-

104, 106 AND 108 WEST 14TH ST.

CEO. C. FLINT CO., FURNITURE MAKERS.

> Small things are frequently productive of great results. The match, for instance, a bit of wood and a speck of phosphorus, is almost without limit in its

possibilities. A "Want" advertisement has the same potency for immediate properly applied, aithough the former constructs while the latter destroys. THE Wonne is to a "Want" what a

ATHLETES IN REPOSE

James Craig, to whose great strength the recent victories of the Arthur Eul's four-oared shell crew are largely due, is the chief designer A. F. Camacho, who coxswained the States Island Athletic junior eight to victory in the Middle States regatts, pulls a strong oar himself. The Staten islanders owe their victories chiefly to his good training and coaching. He has the reputation of being a mascot.

Fred Freeman, who pulls No. n in the famous "champion" Atalanta eight, is a powerfully built, dark roung man, who rows for every ounce there is in his 160 pounds. F. M. Feilly now captains the Acorn Athletic

Club. His chief characteristic is one gr, which he will extend chiefly in putting a first-class cross-country team in the field this Fall. The Pessant and the Bed-Warmer.

First Peasant-How is it you no longer put up at the Golden Crown when you drive to market ?" market?"

Second Ditto-What! They are regular take-ins! Last winter, when I lodged there for the night, they made a great fuss, and gave me a big hottle to take to bed with ma, and when I opened it, what d'ye think is was? Nothing but hot water!

Will Be Wiped Out.

(From Push.) Mr. Wanter Nos-How do you account for the surplus of women ?

Mr. Hensus Bharpe—I don't account for its but, as they have taken to smoking clear-raties, it will probably be accounted for as the G. O. P. accounted for Uncie Sam's smi-plus.
